

Meet when and where you want - a Univago URoom is your personal on-demand virtual meeting room available 24/7. Manage up to three (3) of your own URooms and schedule meetings either from an easy to use web portal, or by sending them an Outlook calendar invite. Within seconds your team will be sharing HD video and content regardless of their location or device.

### Everything You Need to Meet Efficiently

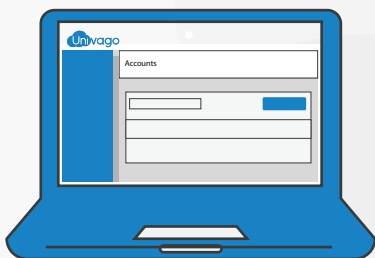

**Always Available** - ad-hoc or scheduled multi-point HD video and audio meetings

**Interoperable** - join from room systems, WebRTC browsers, Lync or Skype, PC, mobile devices or audio dial-in, with clients available for PC, Mac, iOS and Android

**Bring Teams Together** - meet with up to 30 participants in one meeting

**Content Sharing** - HD screen sharing for live presentations and collaboration

**Meeting Controls** - mute participants, invite participants, present content and record meetings

**Multiple VMRs per User** - each user may have up to 3 Univago URooms

**Rapidly Provision New Users** - add new users and URooms via the Univago web portal

**Easily Manage Your Deployment** - use the portal to edit, track, measure and report

**Security** - unique meeting IDs, PIN codes, encryption, lock meetings

**24/7 Support** - support comes standard with every subscription
